

On Monday the subscription to the shares of the new Banco de la Nación Argentina re-opened, and we believe that in a few days the whole balance of the series will be covered, and the bank is now in a position to begin the issue of a new series of shares.

The French wheat sale to-morrow, she takes a full passenger list to-morrow, and the exchange passed for herds not reach the amount brokers anticipated. Possibly there are waiting for the English market in a few days to remit.

Mr. Salazar sold to-day a German export firm four hundred bags of wheat from his colony in Patagonia at the magnificent price of 144 1/2 per 100 kilos. This wheat is of Bariloche quality and in 1930 obtained First Prize at the competition in Palermo Exhibitions. The fact speaks volumes for the quality of the grain. Mr. Salazar has also sent samples of this splendid wheat to the Argentine Committee of the Chicago Exhibition.

The cheques of the Provincial Bank suffered a relapse to-day, they closed at 42 1/2 discount. Those of the National Bank were quoted at 22 1/2 discount. The gold market continued to fall at the second ring about ten thousand ounces were sold for 220 1/2, and closed at 220 1/2, 1/2 premium. Sovereigns were very dull. Patriotic bonds were firm, but afterwards were insignificant.
